A Funding Proposal for

Project
EQUIP
2026

(A Leadership & Skill Acquisition Training for Secondary School Leavers)

Submitted By:

LEADING MINDS LEADERSHIP INITIATIVE (RC 9434550)
House 7, Road 7, Omolayo Estate, Akobo, Ibadan.

EXECUTIVE SUMMARY

The period immediately following secondary school is one of the most vulnerable transitions in a young person's life. Project EQUIP 2026 is an intensive, 5-day boot camp designed by the Leading Minds Leadership Initiative to engage, train, and empower 100 senior secondary school leavers in Oyo State. Scheduled for November 22nd – 28th, 2026, at Hebron Center, Idi-Ishin, Ibadan, this program bridges the gap between secondary education and tertiary life by equipping young people with transformational leadership principles, emotional intelligence, and highly sought-after tech and entrepreneurial skills. We are seeking a total funding partnership of ₦8,450,000 to sponsor 100 students, ensuring that financial constraints do not hinder any young person from accessing this life-changing opportunity.

About Us: LEADING MINDS LEADERSHIP INITIATIVE

We are a faith-based, non-governmental organization committed to raising principled, purpose-driven, and transformational leaders. We believe that lasting societal change begins with transformed individuals who possess the values, character, knowledge, and practical skills needed to influence their communities positively.

Vision: To raise a generation of purpose-driven, ethical, and empowered young leaders actively shaping communities, institutions, and nations through personal transformation, responsible leadership and service.

Mission: To empower young people to discover their purpose, build leadership capacity, and develop the skills, values, and confidence required to create positive and sustainable impact in their communities and society at large.

Core Value: To help people discover their *LEADERSHIP* ability and competence, develop their *CHARACTER* and exhibit *EXCELLENCE* in all their endeavors.

Our Core Values: Purpose | Integrity | Excellence | Empowerment | Inclusion | Service | Collaboration

Objectives

Empower young people to discover their purpose and build self-awareness, confidence, and goal-driven leadership capacity through structured personal development and mentorship programs.

To provide practical skills training and capacity-building initiatives that improve employability, entrepreneurship, and career readiness, bridging the gap between education and real-world leadership and work demands.

To develop character, resilience, and emotional intelligence among young people, equipping them to navigate personal, social, and leadership challenges effectively.

Slogan

Esplendour… there is a king in you! is our slogan. The word E-splendour was coined from Eternal Splendor, a phrase derived from Psalm 111:3 and Isaiah 60:19-20. It is a reminder that God intentionally created every man to demonstrate His eternal beauty.

OUR PROGRAMMES:

Mind SHIFT Convergence

MindSHIFT Conference is a quarterly organized seminar for young people. The aim is to help young people understand the undeniable influence of their mind in deciding who they are and what they have the capacity to become.

The Leadership Academy

This is a mobile-structured leadership training program designed for teenagers to expose them to the principles of private and public leadership, and their roles in the leadership programming of their environment. We achieve this through our secondary school outreaches.

Project EQUIP

This is an annual 5-day boot camp training program for senior secondary school leavers. It is created to engage and equip teenagers who are graduates of the secondary education system and waiting to be admitted into the tertiary education system.

As an interactive program, Project EQUIP combines gaining spiritual clarity with acquiring social, entrepreneurship and tech skills, under a conducive and friendly atmosphere. With this project, we aim to equip over 100 secondary school leavers at a time with focus on helping them to:

- Understand their spirituality
- Engage the principles of work and financial independence
- Discover purpose and embrace personal development
- Participate in values-based leadership training programs
- Understand emotional and social intelligence
- Develop effective communication and public engagement
- Learn teamwork and collaboration
- Engage in critical thinking and develop problem-solving techniques
- Develop visions and set their life goals
- Prepare for community transformation
- Entrepreneurship and Tech skills acquisition

The Project draws inspiration from transformational leadership principles and a desire to make an unrestricted impact on young people, emphasizing that meaningful change begins with transformed individuals whose values influence their decisions, relationships, and communities at large.

Young people today face numerous challenges, including limited access to quality leadership training, inadequate mentorship, unemployment, *quick money-making* syndrome, declining moral values, poor self-confidence, and limited opportunities to maximize their potential.

Leading Minds Leadership Initiative seeks to bridge this gap by providing practical leadership education with skills that empower participants to become responsible citizens, ethical professionals, innovative thinkers, and community builders.

Rather than simply teaching leadership as theory, our program emphasizes character formation, measurable personal growth, and practical application. Participants are encouraged to identify challenges within their communities and develop sustainable solutions through collaborative leadership.

We believe that by investing in young people today, we are creating transformed individuals who will build stronger families, healthier communities, responsible institutions, and a better future.

EXPECTED IMPACT

Through this program, we guarantee a highly monitored return on social investment. By the end of Project EQUIP 2026, we will:

- **Direct Empowerment**: Equip 100 teenagers with verified entrepreneurship and tech skills.
- **Foster Innovative Thinking**: Require participants to develop and present viable community transformation projects.
- **Build Networks and Provide Mentorship:** Establish mentorship relationships linking participants with trained counsellors who will provide professional mentorship service after the training.
- **Track Progress:** Conduct pre- and post-camp assessments to measure growth in confidence, communication, and problem-solving metrics.
- **Social Impacts:** Develop confident and responsible young leaders for social transformation.
- **Encourage Community Development:** 80% of participants will launch a mini-community project.

POST-EVENT TRACKING

To ensure sustainability and build lasting mentorship relationships, our engagement does not end on the fifth day.

- Professional Counseling: We work alongside trained and qualified counselors from the University of Ibadan who will consistently monitor the personal growth and psychological well-being of the participants under our organization's supervision.
- Dedicated Facilitators: Each participant will be assigned to specific facilitators who will provide ongoing guidance, helping them retain, sustain, and practically apply the knowledge and skills acquired during the boot camp.

REQUEST FOR FUNDING SUPPORT

We respectfully request financial partnership to facilitate the successful implementation of this Project. Funding received will be utilized to execute the under listed key components of the program:

ITEMS	AMOUNT (₦)
Venue & Accommodation (Hall, Lodging)	1,500,000
Feeding & Refreshments (Meals, Water, Drinks)	2,600,000
Training & Technical (Projector, PA System, Power, Tech Training)	485,000
Logistics & Medicals (Transportation, First Aid)	300,000
Materials & Branding (Tags, Banners, Backdrops, Certificates, Souvenirs)	1,895,000
Personnel & Rewards (Honorarium, Giveaways, Photography/Video)	930,000
Publicity & Miscellaneous (Ads, Contingency)	740,000
Grand Total	**8,450,000**

Your support will help remove financial barriers and ensure that secondary school leavers have access to quality leadership development and skill acquisition programs as they grow into adulthood, regardless of their financial background.

SPONSORSHIP AND PARTNERSHIP OPPORTUNITIES

We invite corporate entities, private donors, and philanthropic organizations to partner with us through the following sponsorship tiers. (Note: The cost to fully sponsor one student's 5-day experience is ₦84,500).

- **Platinum Sponsor (₦3,000,000+)**

Premium branding on all event materials, speaking opportunity at the event, named sponsorship of a specific training module, and comprehensive post-event impact reports.

- **Gold Sponsor (₦1,000,000 – ₦2,999,999)**

Prominent logo placement on banners and certificates, dedicated social media mentions, and inclusion in press releases.

- **Silver Sponsor (₦500,000 – ₦999,999)**

Logo on participant tags and general event banners, plus social media appreciation.

- **Adopt-a-Leader (₦84,500 per student)**

Directly fund the accommodation, feeding, and training materials for one or more specific teenagers.

ACCOUNTABILITY

Leading Minds Leadership Initiative is committed to transparency, accountability, and responsible stewardship of all funds entrusted to this project. We maintain rigorous financial records. Upon request, all partners and sponsors will have access to:

1. Comprehensive financial reports.
2. High-quality photographs and video documentation.
3. Participants' feedback and impact assessment data.

FUTURE PLANS

We intend to:

- Build the Purpose and Leadership Resource Centre as an official venue for our trainings and seminars.
- Gain access to secondary schools and organizations with visions for teenagers and reach them with the message of transformational leadership.
- Gain the trust of and have access to private and corporate partners and sponsors.
- Access different cities and states to reach more teenagers and young people across the country and across the globe

CONCLUSION

Leadership is the greatest investment any society can make. By equipping young people with the right values, knowledge, skills, and opportunities, we are actively building a future defined by integrity, innovation, and compassion. We respectfully invite your organization to partner with us in transforming the next generation.
